

# WIDE ANGLE LENSES COMPARISON

## THE BEST TOOL FOR THE JOB!

Schneider 35mm on Horseman / Cambo compared to Hasselblad 35mm (both systems with a P 45).

Below image to the right shows how blurring of the image is caused by chromatic aberration produced by the Hasselblad HC 3.5/35mm lens.

No retro focus designed lens can beat a perfect piece of glass

Schneider Kreuznach 35mm XL lens
